

A technical drawing on a green grid showing two rectangular components. The left component is labeled '280 x 160 mm' and the right component is labeled '280 x 195 mm'. Both rectangles are outlined in magenta. Dashed green lines indicate alignment and projection: vertical dashed lines extend from the top corners of the rectangles down to the bottom edge of the grid, and horizontal dashed lines connect the top corners of both rectangles. Diagonal dashed lines are also present in the bottom corners of the grid cells.
