

90 x 230 mm

The image shows a technical drawing of a sheet with two rectangular cutouts. The sheet is defined by a grid of solid green lines. Two vertical dashed green lines indicate fold lines, one on the left and one on the right. A horizontal dashed green line runs across the middle of the sheet. Two diagonal dashed green lines are drawn in the bottom-left and bottom-right corners, meeting at the horizontal dashed line. Two rectangular cutouts are shown with magenta outlines. The first cutout is on the left, with the text '90 x 230 mm' centered inside it. The second cutout is on the right, with the text '90 x 265 mm' centered inside it.
