

210 x 62,5 mm

The diagram shows a roof truss structure with a horizontal base line and a vertical centerline. The roof is formed by two dashed lines meeting at a peak. A horizontal dashed line is drawn at the peak level. Two rectangular boxes are positioned above the truss, one on the left and one on the right. The left box is labeled '210 x 62,5 mm' and the right box is labeled '210 x 135 mm'. The entire drawing is enclosed in a solid green border.
